## Carla the Caterpillar

### Activity Assessment Sheet

### Spot the Differences Between our Vertebrates and Invertebrate Friends

Draw lines from Carla, Old Man Frog, and human children to the appropriate responses.

<p>Carla the Caterpillar</p> 	<p>How is my grown-up body arranged?</p> 	<p>What do I like to eat?</p> 
<p>Old Man Frog</p> 		 
<p>Kids like YOU!</p> 		  

I enjoyed the topic and doing the experiment.

Pretty cool. I feel like I learned some neat stuff.

I already knew all that stuff. This was too basic.

I didn't care for this lesson or activity.

I'm still confused by some of this material. I need help.
